

# LMB8-M24M-0180

15FT NEMA L6-20P to Manual Reset In-Line GFCI to NEMA L6-20R 20A 240V Power Cord - BLACK

**Configuration generated by customer.** Pricing valid 30 days from the date below. Specifications are subject to engineering review prior to production. To convert this datasheet into a formal quote, contact [sales@worldcordsets.com](mailto:sales@worldcordsets.com).

## Specifications

|                   |                                                           |
|-------------------|-----------------------------------------------------------|
| SKU               | LMB8-M24M-0180                                            |
| Plug              | NEMA L6-20P                                               |
| Connector         | NEMA L6-20R                                               |
| Cordage           | 12AWG/3C SJT                                              |
| Length            | 15 FT (4.57 m)                                            |
| Wire color        | Black                                                     |
| Electrical rating | 20A / 250V                                                |
| Lead time         | 2 days from order                                         |
| Approvals         | Pending engineering review — assigned at order acceptance |
| HTS Code          | 8544.42.9090                                              |

Configuration generated at Sep 14, 2026 at 11:47 am. This datasheet is not a Certificate of Conformance — custom builds receive a per-order CoC at production sign-off — and is not a contract. Specifications subject to engineering review prior to production.

## UL listing reference

Compliance evidence summary for the cord families documented in this pack. The listing below is the public-record proof of UL recognition for the cordage + connector pair; it is reproduced here verbatim for the convenience of customer quality / engineering review.

UL PRODUCT IQ — RECOGNIZED COMPONENT

**ELBZ7.E210037**

Verify the live listing at <https://iq.ulprospector.com> using the file number above.

UL Product IQ® is a registered service mark of UL LLC. Reproduction in customer-facing documents is permitted under the recognized-component agreement on file with our supplier.

### Compliance summary

|                         |                                                                                                                                                |
